OUT OF LOVE FOR THE MOUNTAINS, MILLET NURTURES A FAMILY SPIRIT WITH ITS COMMUNITIES BY GUIDING THEM ON ADVENTURES THAT ELEVATE THEM, AND ACTS TO PRESERVE THESE SPACES OF FREEDOM.

Since 1921, the year the company was founded in Annecy by Hermance and Marc MILLET, the eponymous brand has consistently been a source of elevation and innovation for mountain enthusiasts, firmly believing that the mountains bring happiness. Driven by this purpose, we envision the future every day, adapt to change, and guide everyone to rise in the mountains.

From the historic 1950 ascent of Annapurna by Louis Lachenal and Maurice Herzog, to Reinhold Messner's first oxygen-free ascent of Everest in 1979, Christophe Profit's Alpine Trilogy in 1987, or more recently, the first winter ascent of the Rolling Stones route on the Grandes Jorasses, and the ascent of Hungchi by Charles Dubouloz and Symon Welfringer, MILLET has always built the bridge between the mountain, the rope team, and the gear that makes it all possible.

We continuously adapt to a rapidly changing environment, striving for neutrality in our impact.

First, the evolution of our mountains: melting permafrost, retreating glaciers, and declining snowfall are pushing us to rethink and reinvent our products.

Next, the evolution of mountain practices: low-carbon approaches on foot, ski touring, or by bike to reach the base of routes; increasingly fast ascents using minimalist "fast & light" styles; paragliding or skiing down ever steeper slopes.

And finally, the evolution of mountain enthusiasts themselves: to make them happy through the freedom the mountains provide.

In this spirit, Chamonix -a place that embodies our deep connection to the mountains- remains our preferred laboratory and historical home base.

MILLET supports all mountain adventurers in this pursuit of the Unknown, transforming emptiness into fulfillment.

PAR AMOUR DE LA MONTAGNE, MILLET FAIT FAMILLE AVEC SES COMMUNAUTÉS EN LES GUIDANT VERS DES AVENTURES QUI LES ÉLÈVENT, ET AGIT POUR PRÉSERVER CES ESPACES DE LIBERTÉ.

Depuis 1921, année de création de l'entreprise à Annecy par Hermance et Marc MILLET, la marque éponyme a toujours été une source d'élévation et d'innovation pour les passionnés de Montagne, persuadée que celle-ci rend heureux.

Chaque jour, animés par cette Raison d'Être, nous imaginons le futur, nous nous adaptons et guidons chacune et chacun à s'élever en montagne.

À l'image de l'ascension de l'Annapurna en 1950 par Louis Lachenal et Maurice Herzog, de la première ascension de l'Everest sans oxygène par Reinhold Messner en 1979, de la Trilogie Alpine de Christophe Profit en 1987, ou récemment de la première hivernale de la voie Rolling Stones aux Grandes Jorasses et de l'ascension du Hungchi par Charles Dubouloz et Symon Welfringer. MILLET fait toujours le lien entre une montagne, une cordée et des produits adaptés.

Nous nous adaptons de façon permanente à un environnement en (trop) rapide évolution, en tendant à la neutralité de notre impact. Évolution de nos montagnes, tout d'abord : la fonte du permafrost, le recul des glaciers et le manque de chutes de neige nous poussent à adapter nos produits et à en inventer de nouveaux.

Évolution des pratiques : des approches bas carbone à pied, en ski de randonnée ou à vélo pour accéder aux bas des voies ; des ascensions de plus en plus rapides, en style minimaliste « fast & light » ; des descentes en parapente ou en ski dans des pentes de plus en plus raides. Évolution des pratiquants enfin : afin de les rendre heureux grâce à la Montagne et sa liberté.

A ce titre, Chamonix, territoire qui se fait l'écho de notre lien à la montagne, reste notre laboratoire privilégié et notre ancrage historique.

MILLET accompagne tous les pratiquants de montagne dans cette quête d'Inconnu, qui transforme le vide en plénitude.

ROADMAP TO 2030

NOTRE FEUILLE DE ROUTE

OUR 5 AREAS FOR IMPROVEMENT

In order to meet the greatest challenge in the history of mankind, MILLET is humbly and inquisitively looking for ways to reduce its environmental impact. This project has resulted in the identification of five main areas for improvement, which represent milestones on the road to a regenerative company by 2030.

NOS 5 AXES D'AMÉLIORATION

Afin de faire face au plus grand défi de l'histoire de l'humanité, MILLET cherche avec humilité et curiosité comment réduire son impact environnemental. Ce projet se traduit par l'identification de cinq axes principaux d'amélioration qui sont autant de jalons sur le chemin de l'entreprise régénérative jusqu'en 2030.

SEASONAL STORIES

HISTOIRES DE SAISON

BACKPACKS

CARRY YOUR DREAMS. EVEN IF NO ONE SEES THEM.

Today, every summit has to be proven. A trail? For the Strava record. A sunrise? Mandatory in your story. A bivouac? Unthinkable without a timelapse. Yet it's the blurry photos, the failed videos, the summits hidden in clouds that stay with you. Memories without witnesses, tucked away in your Millet backpack. More than just gear, this backpack carries your dreams of the Unknown, of freedom, of pushing your limits. And this quest for self-discovery, that no one will ever see.

Carry your dreams. Even if no one sees them.

PORTEZ VOS RÊVES. MÊME SI PERSONNE NE LES VOIT.

Aujourd'hui, chaque sommet doit être prouvé. Un trail ? Pour la trace Strava. Un lever de soleil ? Obligatoire en story. Un bivouac ? Impensable sans timelapse. Pourtant, ce sont les clichés flous, les vidéos ratées, ou les sommets cachés dans les nuages qui restent gravés. Des souvenirs sans témoin, glissés dans votre sac Millet. Plus qu'un simple équipement, ce sac porte vos rêves d'Inconnu, de liberté, de dépassement. Et cette quête de soi, que personne ne verra jamais. **Portez vos rêves. Même si personne ne les voit.**

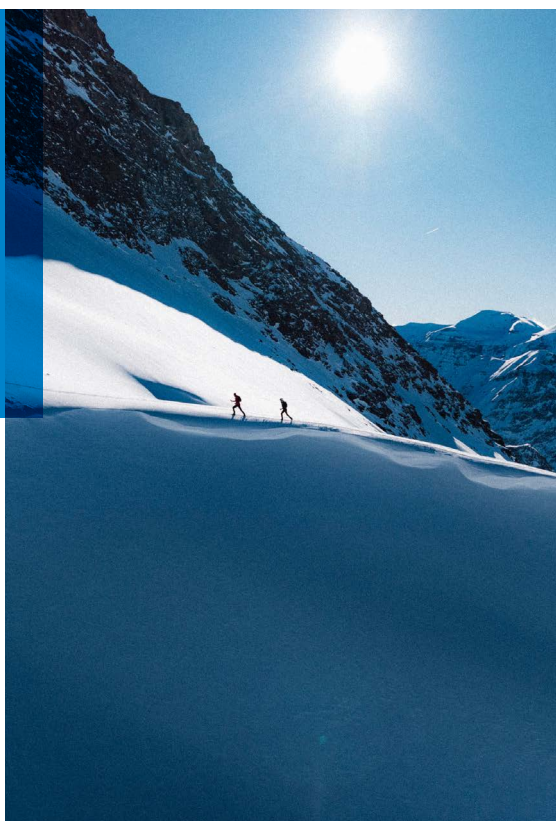

TRILOGY ICON

BOUND BY THE UNKNOWN Jean and Loïc move forward, united by the same rope for thirty years. Aurélia encourages Benoît to bivouac at the summit of the Grandes Jorasses. Marco and Antonio return to the mountains together after the accident. Choosing to trust again. Millet recounts these adventures shared between guides and clients, revealing the strength of bonds in the mountains. More than just a collection, **Trilogy Icon** embodies our alpine commitment: designed for the most changeable conditions, tested and approved by our partner guides who are members of the world's most prestigious companies, and worn by a whole community of enthusiasts.

LIÉS PAR L'INCONNU Jean et Loïc avancent, unis par la même corde depuis trente ans. Aurélia encourage Benoît à bivouaquer au sommet des Grandes Jorasses. Marco et Antonio repartent ensemble, après l'accident. Choisir la confiance, encore. Millet raconte ces aventures partagées entre guides et clients, révélant la force des liens tissés en montagne. Plus qu'une collection, **Trilogy Icon** incarne notre engagement alpin : conçue pour les conditions les plus changeantes, testée et approuvée par nos guides partenaires membres des compagnies les plus prestigieuses du monde et portée par toute une communauté de passionnés.

SKI TOURING

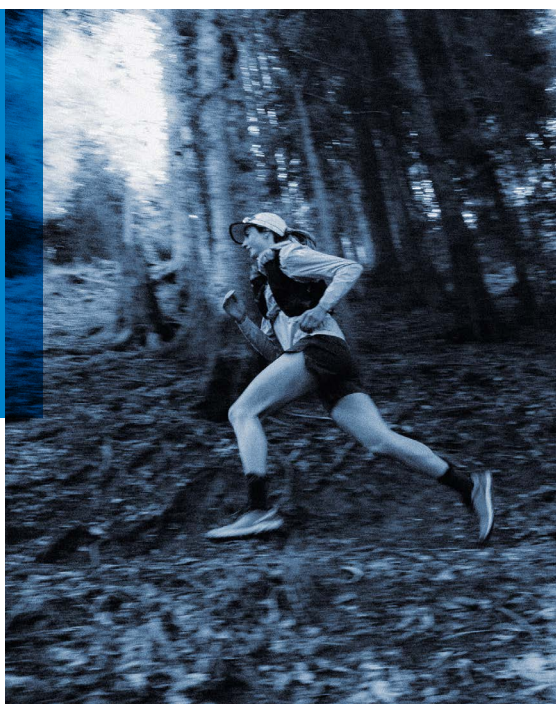

WE ARE ALL SKIERS Millet's story in skiing has been written from the peaks. Rooted in mountain culture, the brand has earned its legitimacy in all disciplines, from ski touring to freeriding and alpine skiing. Our Grands Montets, Brévent, and Cosmic jackets combine protection and style, designed for all skiers, from everyday enthusiasts to technical outings. With M-White, equipped with its recyclable single-material DryEdge membrane, and Pierrament, designed for high-intensity use at altitude, it's time for technicality, lightness, and the quest for the Unknown, in a constantly changing mountain environment that is more unstable, more demanding, and more fragile. Each discipline has its own technical solution.

We are all skiers.

WE ARE ALL SKIERS L'histoire de Millet avec le **ski** s'écrit depuis les sommets. Ancrée dans la **mountain culture**, la marque affirme sa légitimité sur toutes les pratiques : du ski de randonnée au freeride, en passant par l'alpin. Nos vestes Grands Montets, Brévent et Cosmic conjuguent protection et style, pensées pour tous les skieurs, du quotidien engagé aux sorties techniques. Avec M-White, équipée de sa membrane DryEdge monomatière recyclable, et Pierrament, conçue pour la haute intensité en altitude, place à la technicité, la légèreté, et la quête d'Inconnu, dans une montagne en constante évolution, plus instable, plus exigeante, plus fragile. À chaque pratique, sa réponse technique. **We are all skiers.**

TRAIL RUNNING

WINTER NO LONGER STOPS YOUR STRIDE

When the trails disappear into the dark night or under the snow, Arnaud Bonin and Thomas Butez keep on running. Winter trail running isn't just an extension of the season: it's an experience in its own right, as long as you're properly equipped. Cold, wind, darkness: every detail counts. The Safe & Warm collection meets these specific needs: targeted warmth where you need it most, reflective details to stay visible, and protection suited to low temperatures.

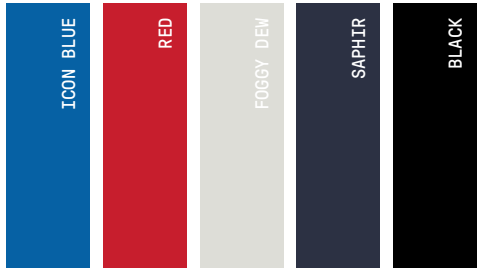

Enjoy the trails: winter no longer stops your stride.

L'HIVER N'ARRÊTE PLUS VOS FOULÉES

Quand les sentiers disparaissent dans la nuit noire ou sous la neige, Arnaud Bonin et Thomas Butez continuent de courir. Le trail hivernal ne joue pas simplement les prolongations : il est une expérience à part entière, pour peu qu'on soit bien équipés. Froid, vent, obscurité, chaque détail compte. La collection **Safe & Warm** répond à ces besoins précis : apports de chaleur ciblée là où vous en avez le plus besoin, détails réfléchissants pour rester visible, protections adaptées aux basses températures.

Profitez des sentiers : l'hiver n'arrête plus vos foulées.
